

Let's take
Byram Hills **BEYOND**

byramhillsfoundation.org
914.273.4381 x1 • BHEF1@byramhills.org

**For over 25 years
our community
has come together**
to fund educational opportunities
for our children **BEYOND** what the
district budget can support. We
have partnered with our district
administrators and educators to
understand what will help them take
learning to the next level. The result?
**Over 400 BHEF grants have been
awarded valuing nearly \$5 million –
all made possible by donations from
YOU – individuals and businesses
in our community.**

BHHS

Global Competency and the Global Scholars program -
Teaching BHHS students to think **BEYOND** our backyard.

WAMPUS

Howling with the Wolves Field Trip - Taking learning **BEYOND**
the classroom by visiting the Wolf Conservation Center to study
wolves and explore environmental interdependence.

HCC

HCC Library 2.0 - Reaching **BEYOND** the ordinary library
to integrate STEAM and Makers Spaces, update presentation
technology, and create active learning spaces.

COMAN HILL

Coman Hill Indoor Educational Playground - Fostering
wellness for young minds and bodies **BEYOND** traditional
classroom spaces.

**With your support, we funded new ways
to learn** - like FUNdations for fast-track
reading at Coman Hill and Challenge Success
to help our middle and high school students
manage stress.

**With your support, we funded state-of-
the-art technology** - like transformational
libraries, chrome books for every student,
and innovative courses in robotics and digital
photography.

**With your support, we funded incredible
spaces** - like the Coman Hill indoor playground,
the new art and community spaces at Wampus,
and 21st century classrooms and STEAM labs
at both HCC and BHHS.

This year we are introducing two leadership
giving levels that include unique benefits:
Benefactor Circle for those who give \$1500+
Bobcat Circle for those who give \$750 - \$1499

**With your support today,
we'll continue to fund
innovative resources that take
Byram Hills BEYOND a typical
public school education.**
